IN MEMORIAM

OSCAR AUSTIN PEAY departed this life August 8, 1961. Mr. Peay had served as Principal of this school for 31 years, and was the one who initiated to his students the idea of the yearly publication of an annual named MEMORIES.

ADMINISTRATION

To the members of the graduating class of 1962:

At the entrance of the New York Harbor stands the majestic Statue of Liberty, holding aloft the torch enlightening the world. Our public school system - by furnishing materials and opportunities, motivating and guiding - makes it highly possible that every American citizen can play a part in making the message of that statue ring true.

In our school, we try to set forth the principle that school is life itself. We strive to make the classroom a little United States - a hot bed of democracy; for without education the tenets of democracy would perish.

Of what the school has to offer, we would have the students drink deep; because the ignorant and the untrained are slaves to their own inefficiency.

My hope is that each member of the class '62 has been inspired to have an ideal, to believe in it without wavering, to work for it, suffer for it, and finally to establish it as a living, growing thing - that will be real achievement.
